#### MILITARY RULE OFF.

Troops in Cripple Creek Region Are Called Home.

DENVER, Colo., July 26.-Gov. Pea body today issued a proclamation calling off military rule in Teller county and placing the Cripple Creek district

in charge of the civil authorities. This action was taken by the Governer in face of opposition from many in fluential citizens of Cripple Creek, who desire to prevent deportd union miners from returning to the district. Before issuing his order withdrawing troops, however, the Governor received assurances from Sheriff Edward Bell that his forces were able to control the sit-

Military rule was proclaimed in Teller county on June 8 in consequence of disorderly acts following the explosion at Independence on June 6, by which non-union miners were killed and injured. Previous to that there had been a large force of soldiers on duty for many months in the Cripple Creek district, but before the explosion occurred these had all been withdrawn No troops are now under arms any-where in Colorado, and good order pre-

# AND BRIGHAMITES GLAD PANIC-STRICKEN **STRIKE BREAKERS**

# Non-Union Men Cause Row in Chicago.

### Shooting Wildly in Darkness Consternation Is Spread Through Stockyards.

Riot Call Sent in and the Armed Garrison of Packing Town Turned Out.

CHICAGO, July 26.-Shooting wildly in the darkness, a score of panic-stricken strike-breakers, hired by Swift & Co., spread consternation through the yards early today. Riot calls were sent to the police and the armed garrison of packing town turned out in full force, believing that the strikers had made an organized attack under cover

of darkness. Failing to discover any strikers the police arrested the strike-breakers, all colored. The prisoners numbered & dozen. They told of seeing suspicious persons lurking in the shadows of the

#### Carried Huge Pistols.

Their revolvers were of huge caliber, and the police tried to learn where the negroes had obtained a number of navy weapons. It was denied that Swift & Co. had armed the men. The police took the view that the colored men had shot to create a disturbance and held the prisoners for arraignment in court.

#### Brutal Slugging Match. Two thousand persons today saw one

of the most brutal cases of slugging and some of the poorest marksmanship of the policemen since the stock yards strike began. A strike-breaker, John Mulloy, had just left the yards when three men attacked him. Mulloy was knocked down and nearly killed. Five policemen interfered, whereupon tha trio ran. The police followed the men, using their revolvers. Apparently every shot was aimed to hit, but all missed, John Doody, one of the men, however,

### Dining-Room Girls Out.

In the restaurant of Armour & Co., Swift & Co. and Nelson, Morris & Co. all the dining-room girls quit. The presence of negro cooks was the reason they gave, but it is believed they de-sired to aid in the sympathetic strike. The girl strikers then decided to do picket duty, and see that no girls went to work in the strike affected places. Not a few compiled, but the others away and fled into the yards to work. Four girls were roughly handled.

Many Riot Calls. Riot calls were sent in from a number f points. Many arrests were made and altogether the days of peace seemed doomed for some time. On the one hand, the packers declared emphatically that their plants were running and would continue to run; strike-breakers were rushed into the yards by the hun-

# dreds and non-union help was employed wherever it offered itself.

Two Fatal Encounters. Lines of vigilant policemen guarded the entrances to the stock yards all day and night, but despite this precaution disturbances were numerous and two of them ended with fatal results. While an attack was being made on colored strike breakers as they were leaving the stock yards tonight, John Stokes, one of the strikers, was shot and fatally wounded by one of the negroes, Stokes, together with fully a hundred companions, it is said, rushed on the negroes, and one of the latter drew a revolver and fired into the crowd, hitting Stokes. The police were close as ting Stokes. The police were close at hand and succeeded in scattering the rioters after much difficulty.

Second Rict.

During another riot within a hundred feet of the same place and les stan an

# hour after the one in which Stokes was injured, a negro strike breaker was shot and killed. The rioter escaped before the police arrived on the scene and it is not known who is re-sponsible for the shooting.

Army of Police in Control. Chief of Police O'Nelll, who has taken personal charge of 375 policemen detailed to stock yards duty during the strike, declared tonight that the police had the strike situation well in hand and that they would be able to control the strikers and their friends. When Mayor Carter Harrison was asked to-night if he intended to take any action night if he intended to take any action in an attempt to stop the strike he said that for the present at least the strike could be under the control of the police department and as yet the strike was purely an affair to be looked after

#### by the police. SITUATION IN PLANTS.

#### Packers Leaving Nothing Undone to Gain Upper Hand.

CHICAGO, July 26.-Little if any advantage was gained by either side in the stockyards strike today, and thereis no hope tonight of any immediate settlement of the difficulty. Realizing that they have one of the hardest propositions to contend with in the history of the packing industry, the backers are leaving nothing undone to gain the upper hand in the struggle with their 20,000 union employees who are on

All day long workmen from outside
